

## Dome Storage Racks

### DR Series Models for Aladdin Domes

Our dome storage and transport racks not only facilitate proper drying of Aladdin domes, they enable domes to cool to room temperature after warewashing.

Constructed of strong, stainless steel tubing, they're extremely stable during transport. Four 5.0" (12 cm) swivel casters let you move in any direction; when engaged, locking brakes on two casters keep rack firmly in place. Built to last, our racks feature interchangeable "mix-and-match" wire-form shelves that can fit multiple Aladdin products for maximum flexibility. Welded construction provides extra durability and strength.

#### Standard Features

##### Design/Construction

- Durable stainless steel frame construction.
- Lightweight construction for easy transport.
- Rolls quietly to reduce kitchen noise levels.
- Ergonomic design.
- Four 5.0" (12 cm) swivel casters, two with locking brakes.
- Designed for easy, efficient removal of domes during tray assembly.
- Welded frame construction for strength and durability.
- Durable and easy to clean.

##### Dome Racks

- Each dome rack includes one frame (Y104S) and four wire racks for each shelf.
- **DR160E:** For use with Allure® 9" entrée domes
- **DR112ES:** For use with Essence® and Radiance® 9" insulated domes
- **DR108S:** For use with Allure® 6" soup bowl domes
- **DRXLR:** For use with Ready-Chill® and Excel® domes
- **DR88ET:** For use with Heat on Demand on Tray® domes

DR Series racks are designed with interchangeable wire-form shelves so you can mix and match entrée domes and soup bowl domes as needed, for incredibly flexible solutions!

**Mix and match!**
