

## Stainless Steel Tray Carts

### SCS Model Series: 2 Trays Per Shelf

Aladdin's SCS Series carts are the smart choice for patient meal delivery and tray retrieval. Their bold, contemporary look is a stylish as it is functional.

Inside, welded stainless steel tube framing gives these carts an enhanced core strength that also dampens noise for a quiet-rolling cart.

Their lightweight and ergonomic design makes our SC Series carts easy for employees to maneuver *quickly and quietly* through busy kitchens, tight elevators and crowded hallways. Low-profile models are easy to see over and offer a convenient top work surface.

### SCS Series carts have adjustable tray ladders that fit these popular tray sizes:

- 14" x 18" (36 cm x 46 cm) trays.
- 15" x 20" (38 cm x 51 cm) standard cafeteria trays.
- 15" x 20" (38 cm x 51 cm) Aladdin Room Service trays (RST1).
- Non-Aladdin Room Service tray sizes:<sup>1</sup>
  - 15" x 20" (38 cm x 51 cm)
  - 15" x 21.5" (38 cm x 55 cm)
  - 15.5" x 21.5" (39 cm x 55 cm)
- **Advanced Meal Systems, including:**
  - Convect-Rite® trays: 13.4" x 22" (34 cm x 56 cm)
  - Convect-Rite® divided trays: 12.8" x 20.9" (33 cm x 53 cm)
  - Temp-Rite® II Excel®: 12.7" x 21.4" (32 cm x 54 cm)
- Century I insulated trays.

### Available Options:

- Refer to chart on back page.

## SC Carts: The smart choice - only from Aladdin!

<sup>1</sup> Trays are placed on (loaded) onto cart with LONGEST side first; two trays per level. <sup>2</sup> Carts with 3.50" (8.9 cm) tray spacing are primarily used for Advanced Meal System trays that require less clearance. <sup>3</sup> PR Upgrade package includes; Two-door "pass-through" design and top rail (in lieu of handle). Cart height is increased by 0.42" (1 cm).					<sup>4</sup> Aladdin's Beverage Caddy was created exclusively to mount on Aladdin SC carts only, and is PATENTED. It is not recommended for use on low-profile carts due to height. When mounted to these carts, Caddy extends 6" (15 cm) past the cart bumper system. <sup>5</sup> Low-Profile models have a round, stainless steel push handle mounted on cart top. All other models feature two long push/pull handles located on the back of the cart.
