

Starter Station, Stainless Steel - SS3L

Product Images

Description

Aladdin Temp-Rite's starter station is designed to provide the most efficient use of vertical space at the beginning of the tray assembly lines. Interchangeable pans, in four capacity configurations, allow you to configure a starter station designed to meet your specific menu requirements. This starter station even has convenient, accessible storage shelves for back-up supplies of flatware and condiments to avoid tray assembly interruptions.

STANDARD FEATURES:

- Strong welded tubular stainless steel frame
- Work surface and storage shelves are made from stainless steel
- Interchangeable flatware and condiment pans are available from Aladdin in four configurations to suit your menu requirements
- Four 5" stem casters, 2 fixed and 2 swivel with brakes for easy positioning
