Description

Blueberries, ketchup, mustard—they're no match for our high-heat, reusable plastic 9" entree dish! It's a stain fighter that won't knuckle under daily, repeated usage. It's designed to withstand the rigors of high-heat rethermalization systems, and its break-resistant properties make it a safe, long-lasting alternative to china. It coordinates beautifully with any color of Dimensions® high-heat mugs and bowls.
