

Convect-Rite 3© INSIGHT Junior Docking Station, Air Cooled - CRNDS0000000

Product Images

Description

Precise control, ease of use, and unmatched performance!

Rethermalize or boost patient meals with Convect-Rite 3 INSIGHT docking stations. Program to start automatically, or start the heating process manually by simply touching the screen. Convect-Rite 3 INSIGHT's optional remote access system, ClearLink, puts safety and consistency at the forefront of cook-chill retherm and cook-serve-boost meal management and delivery.

Convect-Rite 3 INSIGHT is so easy to use! Place plated meals or steam table pans into Convect-Rite carts, which are designed to pair with the docking stations. Once connected, the docking stations give you complete control of consistently convected refrigeration and heat for patient meals.

Take control of meal-time with our ClearTouch controller:

From meal-schedule timing to system programming, our new ClearTouch touchscreen provides maximum levels of flexibility and precise control.

- Intuitive color touchscreen.
- Visual indicators with actionable alerts.
- Cook-chill retherm manual and automatic modes.
- Quick view schedule screen.
- Special cook-serve boost cycle logic.
- Cycle history, event and alarm screens.
- Multi-language capability.
- Diagnostic and help screen for troubleshooting.
- Periodic maintenance reminder.

Connect-Rite automatic docking gives you fast, accurate, and easy cart-to-dock pairing.

- Effortless motorized cart and docking pairing are so easy, it's virtually effortless!
- Consistent, tighter cart/dock sealing.

Our ClearLink Remote Access System provides remote programming and 24/7 access.

Check the status of your Convect-Rite 3 INSIGHT system anytime.

- Web portal for real-time system status.
- Remote programming for schedules, meal profiles, and more.
- Historical data for HACCP monitoring.
- Alert notifications.

STANDARD FEATURES:

- Retherms or Boosts Convect-Rite carts.
- Docking stations pair with Convect-Rite patient tray carts, Select bulk carts, or SP compartmentalized tray carts.
- Patented, directed air-flow technology delivers consistent, even temperature performance.
- Combines precision heat while simultaneously providing refrigeration.
- Mobile base design makes the docking station easy to install, service, or relocate (wall mounting is not required).
- Polymer top and side panels are easy to remove for maintenance and serviceability.
- Welded stainless steel frame and base.
- R404A refrigerant (CFC free).

Additional Information

Model #	CR3DS0000000
Equipment Type	CRIII Dock
Available Options	ClearLink Remote Access System, Cord/Plug Power Connection, Seismic Anchoring Package
Capacity Type	Trays
Caster Size	4"
Caster Type	Balloon
Electrical	208V, 3 Phase, 30Amps, 4-wire
Agency Listing	ETL, ETL Sanitation
Warranty	1-yr parts, 1-yr labor, 5-yrs compressor (parts only), 2-yrs heating element (parts only)
Technical Note	The addition of options may change the electrical requirements and/or equipment dimensions. Please refer to spec sheet for additional information.
Country of Manufacture	United States
Spec Sheet	View
Literature	Flyer
GTIN	00849502014319
