

Convect-Rite 3© INSIGHT System Junior, Air Cooled

Product Images

Description

Convect-Rite 3 INSIGHT is easy to use! Place plated meals or steam table pans into Convect-Rite carts, which are designed to pair with the docking stations. Once connected, the docking stations provide complete control of consistently convected refrigeration and heat for patient meals.

Precise control, ease of use, and unmatched performance

Take control of meal-time with our ClearTouch controller

From meal-schedule timing to system programming, our new ClearTouch touchscreen provides maximum levels of flexibility and precise control.

- Intuitive color touchscreen.
- Visual indicators with actionable alerts.
- Cook-chill retherm manual and automatic modes.
- Quick view schedule screen.
- Special cook-serve boost cycle logic.
- Cycle history, event and alarm screens.
- Multi-language capability.
- Diagnostic and help screen for troubleshooting.
- Periodic maintenance reminder.

Connect-Rite automatic docking gives you fast, accurate and easy cart-to-dock pairing

Our new motorized docking makes cart docking and undocking so easy it's virtually effortless!

- Effortless motorized cart and docking pairing.
- Consistent, tighter cart/dock sealing.

Remote programming and 24/7 access with our ClearLink Remote Access System

Check the status of your Convect-Rite 3 INSIGHT system anytime.

- Web portal for real-time system status.
- Remote programming for schedules, meal profiles and more.
- Historical data for HAACP monitoring.
- Alert notifications.

STANDARD FEATURES:

- Retherms or boosts Convect-Rite carts.
- Docking stations pair with Convect-Rite patient tray carts, Select bulk carts or SP compartmentalized tray carts.
- Patented, directed air-flow technology delivers consistent, even temperature performance.
- Combines precision heat while simultaneously providing refrigeration.
- Mobile base design makes docking station easy to install, service or relocate (wall mounting is not required).
- Polymer top and side panels are easy to remove for maintenance and serviceability.
- Welded stainless steel frame and base.
- R404A refrigerant (CFC free).
